E-waste is a problem – CXtec is the solution.

We've all heard the horror stories about improper technology disposal practices. You don't want your used hardware in the hands of a partner who cuts corners – where it could end up unethically discarded or resold with sensitive information still on it. It's bad for both the environment and your reputation.

That's where CXtec comes in. We're the single source you can trust for all your asset recovery and IT recycling needs. We make total life cycle management of your technology easy and worry-free. Whether you have a few surplus items, a pallet of unwanted equipment, or a large project with special needs, we have the solution. Best of all, we have industry partners throughout the continental US. So no matter where you are we have a nearby location ready to handle your used hardware.

When you choose CXtec as your Asset Recovery partner, you get more than just peace of mind knowing we remarket or recycle your used equipment properly. You also get the exceptional customer service and support for which we're famous. More than just a promise, it's the CXtec guarantee. ;-)

cxtec®

CXtec - Your Source for IT Asset Disposal.

EXPERIENCE:

- > Three decades of hands-on experience.
- > A real person to speak with whenever you need.

REMARKETING:

- > If your used equipment has industry worth, we offer fair market value for it.
- > You obtain maximum value for any hardware that can still be used in the industry.
- > Before remarketing we wipe all hardware and software clean of data and return it to factory defaults.

RECYCLING:

- > We recycle using sound equipment disposal techniques.
- > Our practices are in conformance with federal, state and local legislation and regulations thereby protecting you from legal liability.
- > Your private information remains secure because we physically destroy any devices that contain sensitive data.
- > All your used assets will be recycled in an environmentally safe manner, keeping you safe from stiff fines and bad press.

WE MAKE IT EASY:

- > We come to your premises to remove all your used IT assets.
- > For your convenience, we transport any quantity of equipment and handle all the planning, tracking and documentation.
- > Unbroken chain of custody assures you know exactly what is happening to your used assets, and where they eventually end up.
- > Certificate of Equipment Recycling certifies title transfer and compliance with environmental regulations.

Bottom line.

At CXtec, we're committed to maximizing value for our customers through needs-based customized solutions. Our wide range of products and services, combined with a variety of flexible financing options, can help customers achieve their business objectives without blowing their budgets. No matter which solution fits their individualized needs, they all come standard with the exceptional customer service and technical support for which we're famous.
