## Networking made easy (and affordable) with CXtec.

When it comes to maintaining your network, time is money. Whether implementing necessary upgrades, providing routine system maintenance, or moving to new applications, you need a fast and efficient way to keep your network afloat without breaking the bank. And with product lifecycles becoming shorter, finding a supplier that can support your legacy equipment is key. You need a trustworthy end-to-end partner who can help solve your networking challenges with solutions tailored to your individual needs.

In other words, you need CXtec. No matter what types of networking hardware you need – new technology, manufacturer authorized refurbished, certified pre-owned or some of each – you can count on CXtec to help you squeeze the most out of your IT budget. We offer a wide range of products from manufacturers you trust, including Cisco®, Nortel™, 3Com®, HP® and many more. Our equal2new® hardware features the industry's most stringent performance guarantee and comes with a 99.51% reliability rating, eliminating costly network downtime and minimizing unnecessary upgrades. It's all part of our trademark Technology @ Your Pace® philosophy, developed to ensure you get the hardware you need at a pace you can afford.

With three decades of experience in legacy and leading-edge products, you can be sure CXtec has the expertise to get your network where it needs to be, without blowing your budget. No matter which solution we help you develop, you can expect one feature you simply won't find anywhere else – the exceptional customer service and technical support for which we're famous. ;-)

The CXtec logo features the company name in a bold, white, sans-serif font. Above the 'x' is a stylized graphic of a network or signal, consisting of a central point with several lines radiating outwards to other points, resembling a star or a network topology. A registered trademark symbol (®) is located to the upper right of the 'c'.
