Superior storage solutions begin with CXtec.

Just when you thought you had your storage needs covered, you're faced with new and emerging security, voice, wireless and iSCSI SAN technologies. Unfortunately, keeping up with today's fast-paced IT marketplace is only half the battle. You're also left trying to properly manage the migration of your storage environments from 1 Gig to 2 Gig and beyond. And with new regulations requiring the safekeeping of sensitive financial information, you need an efficient and cost-effective way to securely meet your storage objectives.

Not to worry, CXtec can help. Our blended solutions of new, equal2new® certified pre-owned and manufacturer authorized refurbished equipment are a perfect fit for your secure storage needs. Our equal2new gear touts a reliability rating of 99.51% (out of the box)— saving you money while avoiding costly downtime and unnecessary upgrades. Best of all, our Open Systems approach to storage technology gives you the flexibility to make upgrades and reconfigurations within your own time frame and budget.

When you're looking for a storage networking hardware solution that best suits your company's needs and budget — from legacy to leading products — look no further than CXtec. :-)
