

Hardware End-of-Life Management

Maximize ROI on your Hardware Investment!

CXtec helps you protect your critical assets with safe, secure hardware end-of-life management (HELM) services.

Protect peace of mind, recover maximum value

The bonus to a smart HELM strategy is that the extra money allows you to boost your purchasing power to help you upgrade equipment, do further improvements, and help your organization's bottom line.

No one pays more than CXtec

WE PROVIDE CASH OR CREDIT ON ACCOUNT FOR YOUR HARDWARE!

Send us your equipment list

We review your equipment list

Get the highest market value for your equipment

THE REAL BEAUTY OF THIS COMES WHEN YOU THINK OF IT AS AN APPROACH, NOT JUST A ONE-TIME TRANSACTION.

WHEN YOU MAKE ASSET RECOVERY PART OF YOUR LIST OF TACTICS, THE EXTRA MONEY REALLY ADDS UP OVER TIME.

We'll cover the shipping logistics for the equipment we buy from you. From simple UPS call tags or shipping out boxes, to full service pack-and-pick-ups with labor included.

You can rest easy knowing your equipment undergoes a full data cleansing and is returned to factory defaults using an ISO 9001:2015-certified process.

Redefining the IT Life Cycle

CXtec helps you Redefine IT Strategy™ with complete IT life cycle management.

Sell back your used hardware at maximum value and use that money to fund your next investments.

Remove risk, ensure maximum ROI

Unmatched Data Security

Our MindSafe™ data sanitization and destruction services protect your data's integrity and privacy. You get compliant, scalable, and documented data sanitization and destruction services that meet DoD and NIST standards to protect your confidentiality.

Quality, Low-Cost Equipment

When CXtec provides money for your surplus assets, it creates a valuable source of low-cost, high-quality networking equipment. Our equal2new® certified pre-owned hardware is backed by a lifetime warranty but saves you 40-90% off list price. You can use this to further extend your budget.

Worldwide HELM Capabilities

Our global HELM services cover everywhere from Omaha to Seoul – and all points between. CXtec can handle any project, at any scale, worldwide.

WE OFFER CASH OR CREDIT ON ACCOUNT FOR YOUR USED GEAR – AND NO ONE PAYS MORE. YOUR BUDGET GETS THE MUCH-NEEDED BOOST IT NEEDS, AND YOU GET PEACE OF MIND.

ACCORDING TO GARTNER

“ Focus your ITAD process not only on cost (though important) but also on the dual and material risks to your brand equity of ITAD-related data security and environmentally safe recycling. ”

-Gartner, Market Guide for IT Asset Disposition, 26 July 2018, [ID G00355990]
